

Standard Detector Base

- Fixing and terminating of conventional detectors with directional gaps
- Compatible with GST conventional detectors using 4k Ω , resistor end of line (EOLR)
- Common base for C-9101 / 2/ 3/ 4

Diode Conventional Base

- Diode base version for conventional detectors utilising P-9907 active end of line (AEOL)
- Common base for C-9101 / 2/ 3/ 4
